

How to use:

- Consider the age and needs of the client/patient
- There are 2 game options: A shorter game and a lengthier game
 - Again, consider the needs of the client and the aloted time for the activity
- For a better and more sizable project, you should print the entire page in to 8x11 sheets, and paste them onto a cardboard poster board
- You will also need:
 - At least 1 dice
 - Player pieces
 - A set of cards with questions (to answer the “green” “red” “purple” cards)
 - You may make these or purchase a set of conversation cards
- Do not present this free resource as your own, whether for profit or nonprofit
